

# November 2024 SoyBase Update

---

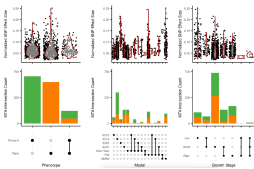

## SBW2025: Registration open!

The Soybean Breeders' Workshop has moved to a different location, [Hilton St. Louis Frontenac](#).

This year the volunteered oral presentations on Wednesday morning will be selected from the poster abstracts. Abstracts must be submitted by **January 10** to be considered for an oral presentation.

## SBW Interactive workshop: Visualization Techniques in Science

This [interactive workshop](#) offers a comprehensive introduction to data visualization techniques specifically tailored for plant breeding and biological research.

---

SoyBase has transitioned to the new website. We ask the community to please notify the SoyBase team if any issues are found.

We appreciate the communities feedback and help as SoyBase makes the transition to the new site.
